

5. List the location number and name of locations that are part of the "Basketball arena". Your WHERE clause should not have a condition involving the facility number compared to a constant ("F101"). Instead, you should use a condition on the FacName column for the value of "Basketball arena"

```
SELECT
    *
FROM
    facility
WHERE
    facName <> "Basketball arena";
```

facNo	facName
F100	Football stadium
F102	Baseball field
F103	Recreation room
