

3. List all columns of the resource table with a rate between \$10 and \$20. Sort the result by rate

```
SELECT *  
FROM  
    ResourceTbl  
WHERE  
    rate > 10 and rate < 20;
```

resNo	resName	rate
R101	police	15.00
R104	janitor	15.00
